Volume #63

www.rotary.redwing1.com

Last Week at Rotary... Sept. 15th: Gov. Lee presented about training and presentations at the Fall Rotary District Conference. Mandy, Tom and others discussed the parade(s).

This Week at Rotary...Sept. 22nd OFF SITE at HOBGOBLIN (not at the St. James)

Upcoming Rotary Programs & Events

9/29/09: Crop Walk--Presented by the MN Correctional Facility staff

Note from President Meg

...these are the things I got from the happy dollars announcements...

-Dennis Betcher is officially retired!!

Add to that, he has just celebrated his anniversary. To mark the occasion, he and his bride spent a week in Florida!

-David Anderson talked about the YMCA's work with America on the Move. It kicks (kicked) off on September 19th at Central Park from 1 to 3pm

-Phil McNairy is back after a short break and time away from Red Wing.

-Lots of Gopher football fans in the crowd as we had happy dollars in honor of the new Gopher stadium

-There were a few Viking fans as well....We're sure it's because of Brett!!!

Sell, Sell, Sell Those ROSES...

Rotary Rose Day Sale is fast approaching. If you haven't started selling, time is ticking, start making your calls. Remember the sale is Friday, October 9th at Caribou Coffee. Each member is encouraged to sell 20 dozen. Remember our membership is down and we need these sales. Diane will need to know the numbers of roses you have each sold to determine if we need to order more than the 650 dozen. Please e-mail Diane by Oct. 1st with the amounts of roses that you have sold thus far so she can start tallying the numbers. Her e-mail is: dmcneil3@redwing.fairview.org
Diane needs another delivery driver, is anyone of you available for 2-4 hours, if so, please her.

The eradication of polio is a special priority for Rotary International,

which made a commitment to immunize the world's children against polio in 1985 and became a spearheading partner in the Global Polio Eradication Initiative three years later. The other partners are the World Health Organization, the U.S. Centers for Disease Control and Prevention, and UNICEF
